

Bringing JCB's Vision to Life: A Transformed Workplace

JCB, a global leader in manufacturing, trusted us to modernise their workspace within a strict two-week shutdown. The project required removing outdated features, installing custom furniture, and upgrading flooring, all ensuring minimal disruption.

COLLABORATIVE DESIGN

Working closely with JCB, we developed concept drawings and refined layouts through targeted trials, ensuring the final design was both functional and visually striking.

- ✓ **Enhanced Productivity**
- ✓ **Modern Aesthetics**
- ✓ **On-Time Delivery**

MEETING THE CHALLENGE

Tight Deadline

The project had to be delivered within three weeks, with only two weeks on-site.

Complex Scope

Tasks included:

- ✓ **Removing an outdated stage**
- ✓ **Replacing flooring**
- ✓ **Designing & installing bespoke furniture**

Seamless Execution

Coordination across design, production, and installation teams ensured efficiency.

EXECUTION & RESULTS

- ✓ **Preparation:** Fast-tracked production and a detailed project schedule minimised delays.
- ✓ **On-site work:** Stage removal, flooring installation, and custom furniture placement was completed on time.
- ✓ **Quality Assurance:** Rigorous inspections ensured durability and precision.

JCB's workspace transformation exemplifies our commitment to delivering high-quality results under pressure. By combining strategic planning, close collaboration, and meticulous execution, we created a space that reflects JCB's brand values while fostering productivity and innovation.
